I have ½ hour Wed. in between meetings from 10:00 and 10:30. Can we cover what we need to in that time? I could maybe leave my meeting a little early and start at 9:55 promptly.

Sure. My preference would be to wait for Fri. assuming you are working that day. But if time is a factor, I have availability tomorrow between 1 and 3. -- Joe

Hi Joe:

Based on Steve's instructions, I need to discuss with you about the issues related to the Greenidge Reactivation. Could you please let me know about your availability.
